Having called on me on the 19th of April last, and seen me prostrated on my bed, useless in all my li . be, you can appreciate neally as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommends-

It is really a pity this specific should not be approved by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I my elf, who was all ways opposed to a patented specific, took this medicine with reluctance, and without confidence in it, and it was only through your disinterested, friendly recommendations, and my critical situation that in-

You may inform Messrs. Mortimer & Mowbray that they are at lib-rey to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tincture, as it has cured me in five weeks of a chronic Inflammatory Rheumstism, contracted under tropical climates, and of seven years' periodical duration. I have on y used three bottles, and find that even the deformed parts of my hands are fast seturning o their former nature appearance I have been under toe treatment of several phy sicians in London and Paris, without any apparent

REV. VERNON ESKRIDGE, U. S. N. rai, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetabl- Tincture. So far as my experime extends, therefore, I take pleasure in recommend-ing it to the afflicted as a safe and efficient remedy. I am, respectfully, yours,
